

**INnoVations of REgional Sustainability: European UniversiTy Alliance – INVEST
Erasmus+ KA2 European universities
project No. 101124598**

**Conditions of admission for the I. degree of higher education in the
JOINT BACHELOR'S DEGREE IN SMART FARMING
AND RESILIENT FOOD SYSTEMS
at the Slovak University of Agriculture in Nitra
for the academic year 2026/2027
STUDY PROGRAMME of I. degree in the field of Agriculture and
Environmental Sciences**

BASIC CONDITIONS FOR ADMISSION TO STUDIES

The basic condition for admission to bachelor's studies is the completion of secondary education or secondary vocational education.

Bachelor study	Length of study	ECTS	Form of study	Planned number of students	School fees/academic year
Joint Bachelor's Degree in Smart Farming and Resilient Food Systems	3 years	180	daily – English language	15	1st year – pilot phase (2026/2027) – FREE of Charge*

Planned number of admitted students (may be adjusted in accordance with Article 9, paragraph 1 of the

Statute of the SUA in Nitra)

**Study in English language is charged according to the SPU / INVEST Regulation fees*

ADDITIONAL CONDITIONS FOR ADMISSION TO STUDIES

1. Applicants will be selected through an admission interview (applicants will attend the interview in person on the specified date). The interview will not test knowledge but rather demonstrate the applicant's aptitude for studying the chosen study program.
2. Applicants will be ranked according to their secondary school results, where the qualitative indicator will be the grade point average from the first three years and the results of the admission interview.

3. Applicants with specific needs will, at their request and based on an assessment of their specific needs, be assigned a form of entrance examination and a method of its implementation that takes into account their specific needs.

Application deadline: by 30.6.2026
Interview date: by 15.8.2026
Fee for material support for the admission procedure: 45,00 €

Electronic submission of applications only!

Through the application form in the University Information System at SUA - UIS:

<https://is.uniag.sk/prihlaska/?lang=en>.

Payment method for the electronic application and admission procedure: cashless according to the instructions provided in the electronic application. **To make payment for the admission procedure, follow the instructions in the electronic application!**

Information on the admission procedure is also published on: university web site:

<https://www.podnazelenu.sk/en/home-en/>

GENERAL INFORMATION ABOUT THE ADMISSION PROCESS

- it is possible to apply for one study program at the SUA on a single application form for a single admission fee,
- Applicants must attach their CV and a copy of their high school diploma to the electronic application form, along with proof of payment of the fee for the admission procedure.
- Incomplete applications (e.g., without proof of payment of the fee) will not be accepted.
 - A certified copy of the high school diploma should be sent to the Rectorate at the following address:
Ing. Dominika Čeryová, PhD.,
Tr. A. Hlinku 2, 949 76 Nitra, Slovakia
- As part of the admission procedure, applicants will participate in an online admission interview. The purpose of the interview is to assess the applicant's motivation, suitability for the study programme, and ability to communicate in English. The interview is not intended to test specific academic knowledge but rather to evaluate the applicant's aptitude and readiness for the programme. Applicants will be evaluated based on their secondary school results, the outcome of the admission interview, and their level of English language proficiency. The selection process will be conducted in cooperation with the partner universities, and the final decision on admission will be issued by the competent academic body of the programme based on the recommendation of the admission committee.
- After the admission procedure, applicants will receive a decision on the outcome of the admission procedure within 30 days of verification of their eligibility for admission to study.
- Applicants who do not meet the eligibility requirements (high school diploma) at the time of the admission committee meeting may be conditionally admitted.
- Applicants who are accepted to study in a particular study program are required to inform the faculty whether they will enroll in the study program in accordance with the instructions they receive in writing together with the decision on their acceptance (the e-return form is part of the decision).
- The applicant's personal data (name, surname, birth number, address, etc.) will be used in accordance with the Personal Data Protection Act No. 18/2018 Coll. only for the purposes

- of the admission procedure and may not be provided for other purposes.
- SUA reserves the right not to open a study program for which there are too few applicants. In such a case, the faculty will offer the applicant another accredited study program. If the applicant is not interested in studying in an alternative study program, the application for study with all attachments, as well as the admission fee, will be returned to the applicant.

INFORMATION FOR FOREIGN APPLICANTS

Foreign applicants will create a statement via the link: <https://uznavanie.minedu.sk/recognition-statement/> in the Statement of Recognition of Educational Degree section.

FURTHER ADMISSION REQUIREMENTS FOR **JOINT BACHELOR'S DEGREE IN SMART FARMING AND RESILIENT FOOD SYSTEMS**:

Applicants will undergo an admission interview in English, which will take place on a pre-announced date, which will be notified after the registration of the application after 15.7.2026.
